

BROTHER VINCENT TUNE. S. D. B.

Bro. Vincent was born in Brighton, Sussex on the 28th April 1886. He attended the Salesian College, Battersea as a student with the intention of eventually becoming a Salesian.

He was accepted for the novitiate and started his novitiate year at Burwash on the 18th November 1906. After successfully completing the year, he was professed on the 19th November 1907.

He then returned to Battersea to start his study of Philosophy and to help as an assistant to the boys there. After finishing his philosophical studies he was asked to go to Malta to start his period of practical training.

Bro. Vincent went to the recently opened house at Sliema – St. Patrick's – for boys who needed special care and attention. He had only been there a few months when, whilst swimming in the sea, he got into difficulties and when people eventually got near enough to help him they found him already dead.

May his good soul rest in peace. Amen.
